Mountfield Group Plc

STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2017

CHAIRMAN'S REPORT

Key Features

- **Group annual PBT rises by 95% to £864,372** (2016: £442,544)
- **Group's secured order book at a record high of £16.2m**
- **Turnover:** £12.7m (2016: £9.6m)
- **Operating profit:** £902,282 (2016: £469,820)
- **EBITDA:** £913,877 (2016: £483,336)
- **Earnings per share:** 0.254p (2016: 0.131p)
- **Net cash position £520,301** (2016 – £(20,247))
- **Gross Margin** 17.5% (2016: 19.2%)
- **Operating Margin** 7.1% (2016: 4.9%)
- **Board believes outlook for 2018 is for continued strong performance.**

The Board is extremely pleased to report an excellent performance by the Group. By trading with reduced operating costs and securing record levels of new business it has achieved increases in its profit before tax from **2017** against **2016 of 95%** and from **2017 against 2015 of 388%**.

Another key feature has been the extent by which both Companies have been able to win new business; the Group's secured order book currently stands at £16.2m with **CAF having won contracts valued at £8.5m and with MBG having won contracts worth £7.7m.** These figures point to strong performances in 2018 and 2019.

The increase in turnover reflects the significant new contracts that have been won but the more competitive nature of these large contracts has been responsible for the fall in the gross margin however because of the lower reflected cost bases of the business operating margin has increased.

The year has seen both subsidiary companies, **Connaught Access Flooring Limited** ("CAF") and **Mountfield Building Group Limited** ("MBG") trade strongly with increased profitability.

CAF

CAF's turnover was £8.4m (2016 - £5.3m) and its profit before tax £568,651 (2016 - £306,565).

For **CAF**, the year's main feature was the backbone provided by two significant projects, each to supply and fit flooring for new offices and the wholesale refurbishment for major banks in the City of London and Canary Wharf, respectively. The tail end of the year was further enhanced by winning (announced on 9 October 2017) of a major contract to supply and install flooring to a substantial new City HQ office building and in addition, securing the third phase of the Canary Wharf refurbishment project. These works which are ongoing are likely to have a value on completion in excess of £8m, the bulk of which will be completed in 2018.

The Company's other significant instructions have predominantly been in respect of new or re-furnished offices also in the City although interspersed with them have been a large number of smaller contracts carried out by its Special Works team countrywide which enables the Company to maintain a consistent workflow.

Mountfield Group Plc

STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2017

CHAIRMAN'S REPORT (continued)

CAF is a market leader and one of the very small number of companies able to compete for the largest raised access/commercial flooring market and is regularly asked to tender for new work in an increasingly active market

MBG

MBG's turnover in 2017 was £4.3m (2016 - £4.3m) and its profit before tax was £288,622 (2016- £229,198).

The Company's efforts during 2017 were focused on the development of a new business platform to replace the contract work that it had ceased to undertake following its strategic review.

The results of the strategy have been impressive: When MBG learnt that an existing telecoms client intended to upgrade its security infrastructure across its extensive property estate it set up a team specifically to enter competitive tenders for the contracts. As a result of targeting this area of the client's work MBG has built a closer relationship with the client and, to date, MBG has won seven significant contracts with an aggregate value of £6.6m via a competitive tender process. The client's programme is expected to extend for at least the next three years.

In addition MBG has seen a return of the type of data centre work it specialised in when the Group was admitted to AIM in 2008. Valuable contracts have been won including a large data centre complex in Stockley Park which has rolled out to the second phase. Further contracts are expected to become available in the short and medium term.

Outlook

The Board believes that both CAF and MBG are now, with the benefit of low cost structures, excellent client bases and record high levels of secured work able to perform strongly on a regular and sustainable basis.

The outlook for CAF continues to be strong into 2018/19 and based on the demand for high quality, large commercial flooring contracts, its leading position in its market place and the proposed expansion of its business into the supply and installation of new products associated with CAF's core activities. In addition, the increase in Data Centre activity has seen a welcome return to working in Scandinavia to a market in which CAF excels through their attention to detail and understanding of the different processes required in this field. The Board believes that the outlook for CAF will remain increasingly bright for a number of years with strong demand for its services both in the UK and overseas.

The Board takes a similar view of MBG's prospects and notes the major change in its financial performance that followed from the reduction of its cost base and the change to a strategy of pursuing lower risk contracts predominantly direct to the Client and is satisfied that MBG's performance will show significant improvement during 2018 and 2019.

Peter Jay

Non-Executive Chairman

Date: 8 June 2018

Mountfield Group Plc

STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2017

CEO's REPORT

The **Group Board** currently comprises:

Peter Jay – Non-Executive Chairman - in addition to being Group Chairman Peter also manages the Group's relationships with its nomad, brokers and professional advisers. Peter was formerly a corporate lawyer and a partner in DAC Beachcroft LLP.

Andrew Collins - Group Chief Executive - Andy is responsible for managing the business of the Group and also that of its subsidiary, CAF, a specialist supplier and installer of flooring for commercial properties whose business and reputation he has developed significantly since appointment in 2004. Before joining the Group, Andy was a Divisional Financial Director at ISG Plc.

Graham Read - Managing Director of MBG - Graham founded the business of MBG in 1986 and has had over 40 years' experience in the construction industry.

The Board is supported by **Andy May**, a partner in the firm of Barnes Roffe LLP. Andy attends meetings of the Group's Board in an advisory-only capacity and also assists the Board in overseeing the Group's accounting and finance functions.

The Board is also supported by **Chris Adlam**, a director of JDC Corporate Finance. Chris (who was appointed in February 2017) attends meetings of the Group's Board in an advisory-only capacity to provide advice on business finance and aspects of corporate finance.

Group Companies

The Group is comprised of two principal trading companies, Connaught Access Flooring Limited ("CAF") and Mountfield Building Group Limited ("MBG").

CAF is one of the leading suppliers and installers of raised access flooring systems to main contractors and corporate end users for office and data centre installations.

It has established itself as one of the few recognised specialists for the flooring elements of fitting out contracts in new and refurbished commercial office space and for the Data Centre market. These projects are undertaken both direct with the end user and for leading Construction companies.

The current demand for construction of high quality, high tech banking and office HQ buildings plays to CAF's strengths as it enables the Company to present its professionalism and credentials and compete on quality of service, expertise and experience, rather than simply on price.

MBG comprises the construction division of the Group and in addition to its extensive experience of undertaking work for the data centre sector MBG also undertakes specialist construction work for end user clients.

2017 saw MBG continue to develop its long term relationship undertaking building fabric repair and maintenance works on a nationwide basis for a large proportion of the property portfolio of a leading telecoms operator.

Mountfield Group Plc

STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2017

CEO's REPORT (continued)

Finance

The Group is financed from the cash it generates from its operations, with the support of a bank overdraft facility of £250,000 and a term loan of £191,190.

The construction market

The Group continues to experience extremely strong levels of activity in terms of enquiries and tenders and the Board is confident as to the strength and sustainability of the current strong demand for services provided by the Group.

Group's strategy

The Board strategy is for the Group to become a highly profitable, mid-sized operation that provides specialist construction and flooring services in a number of diverse but related areas but with a particular focus on the fit-out sector. The Group's reputation has been built on its ability to undertake and to manage specialist construction services to a high level of quality and to deliver the completed project to the client on time. This will remain at the core of its strategy.

Principal risks

The principal risks and uncertainties facing the Group relate to:

Attraction and retention of key employees

The Group's future success is substantially dependent on the continued services and performance of its directors, senior management and other key personnel and its ability to continue to attract and retain highly skilled and qualified personnel.

The senior executive directors of the business all have significant shareholdings in the parent company and are all permanent employees.

Economic downturn and other macroeconomic factors

The Group's success is substantially dependent on the general level of economic activity and economic conditions in the United Kingdom.

Many of the Group's contracts, including renewals or extensions of previous contracts, are awarded through competitive bidding processes. Any downturn in the economy, or any other macroeconomic factor, either in the UK or globally, may reduce the number of contracts coming up for bidding.

The competitive bidding processes present a number of additional risks, including the incurrence of substantial cost and managerial time to prepare bids and proposals for contracts that the Group may not ultimately win. The Group may face additional competition in the bidding process either from existing competitors or new market entrants.

The Company is seeking to mitigate its exposure to the sectors in which it currently operates by diversifying its client base and in particular expanding into closely aligned areas of activity.

Reliance on key customers and clients

The business of the Group is dependent upon the continuing contracts that it has, and relationships that it has developed, with certain customers.

Mountfield Group Plc

STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2017

CEO's REPORT (continued)

Whilst signed contracts are in place with key customers, the successful completion and timing of contracted projects are not guaranteed and are susceptible to external factors outside of the control of the Group. Similarly, contracted projects may in some circumstances be susceptible to delays or variation by customers or be affected by unforeseen changes in circumstances relating to the market, technology, legislation, economic or other business factors. This may affect the cash flow and subsequent performance of the Group.

The Group works with a well-established client base and the performance of individual projects is monitored on at least a monthly basis by board members to identify any issues with specific projects.

Reliance on Subcontractors

The Group utilises subcontractors on a project-by-project basis to meet contractual obligations. Such projects will rely on the subcontractors performing their duties and obligations, not only in terms of timely delivery but also in terms of their performance obligations. Any such non-performance may result in time and cost over-runs on the Group's projects and reduce the value of its returns.

Subcontractors are vetted by senior management and normally engaged to work on closely defined and managed aspects of contracts. Most subcontractors have a long standing trading history with the Group.

Health and safety

The Group undertakes Construction activities, often working within difficult conditions and with heavy machinery which if improperly used could result in personal injury or in extreme cases, fatalities.

The Group takes the health and safety of its employees and clients very seriously and employs Health and Safety advisors on all significant contracts. It also has a firm of Health and Safety Advisors with whom it consults on a regular basis.

Key performance indicators

The Directors use a number of performance indicators which are used to manage the business but, as with most businesses the focus in the Statement of Comprehensive Income at the top level is on sales, margins, and profit before tax. In the Statement of Financial Position the focus is on managing working capital. The key performance indicators are disclosed in the Strategic Report.

Financial instruments

Details of the Group's financial risk management objectives and policies are included in note 19 to the financial statements.

Andrew Collins
Chief Executive Officer

Date: 8 June 2018

Mountfield Group Plc

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2017

The directors present their annual report and audited financial statements for the year ended 31 December 2017.

Principal activities

The principal activities of the Group are the supply of fit-out services (and, in particular the supply and installation of flooring systems) to data centres, office, retail and other commercial premises and of specialist construction services including those related to property fabric repair and refurbishment.

Review of business

A detailed review of the development of the business is contained in the Chairman's and Chief Executive's Statements, which are included in the Strategic Report.

Results

The Group made a pre-tax operating profit from continuing operations of £864,372 (2016: £442,544) for the year ended 31 December 2017 on turnover of £12,692,126 (2016: £9,634,979).

At 31 December 2017 the Group had net assets of £5,352,877 (2016: £4,707,504).

Dividends

The Directors do not propose payment of any dividends for the year ended 31 December 2017.

Directors

The Directors who served during the year were:

P H Jay
G J Read
A J Collins

Charitable Donations

During the year the Group made charitable donations totalling £1,850 (2016: £1,452).

Substantial Shareholdings

So far as the Directors are aware the parties who are directly or indirectly interested in 3% or more of the nominal value of the company's share capital at 31 May 2018 are as follows:

	Number of shares issued	% Ordinary share capital
Peter Jay	23,500,000	9.24%
Graham Read	83,520,000	32.85%
Andy Collins	32,300,000	12.70%
Hargreaves Lansdown Nominees Ltd	8,679,894	3.41%

Mountfield Group Plc

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2017

Creditor payment policy

The Group's current policy concerning the payment of trade creditors is to:

- a) Settle the terms of payment with suppliers when agreeing the terms of each transaction;
- b) Ensure that suppliers are made aware of the terms of payment by inclusion of the relevant terms in contracts; and
- c) Pay in accordance with the Group's contractual and other legal obligations.

At the year end trade creditors represented 123 days' expenses.

Corporate Governance

The Board is committed to good corporate governance and so far as appropriate given the Group's size and constitution of the Board, intends to comply with the QCA guidelines on corporate governance.

Going Concern

The Directors have prepared and reviewed financial forecasts and the cash flow requirements to meet the Group and the Company's financial objectives. The Directors are satisfied that, taking into account the current cash resources and facilities available to the business and its future cash requirements, it is appropriate to prepare accounts on a going concern basis.

Disclosure of information to auditors

Each of the Directors who are in office at the date when this report is approved has confirmed that, as far as they are aware, there is no relevant audit information of which the auditors are unaware. Each of the Directors have confirmed that they have taken all the steps that they ought to have taken as directors to make themselves aware of any relevant audit information and to establish that the auditors are aware of such information.

Auditors

A resolution proposing the re-appointment of Adler Shine LLP as auditor will be put to the members at the next Annual General Meeting.

On behalf of the Board

Andrew Collins

Director

Date: 8 June 2018

Mountfield Group Plc

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the Strategic and Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. The Directors have chosen to prepare the financial statements for the Group and the Company in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union.

International Accounting Standards requires that financial statements present fairly for each financial year the company's financial position, financial performance and cash flows. This requires the faithful representation of the effects of transactions, other events and conditions in accordance with the definitions and recognition criteria for assets, liabilities, income and expenses set out in the International Accounting Standards Board's "Framework for the preparation and presentation of financial statements". In virtually all circumstances a fair presentation will be achieved by compliance with all applicable IFRSs. A fair presentation also requires directors to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether they have been prepared in accordance with IFRSs as adopted by the European Union; and
- prepare the financial statement on the going concern basis, unless it is inappropriate to presume the Group and Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Website publication

The Directors are responsible for ensuring the annual report and the financial statements are made available on a website. Financial statements are published on the Company's website in accordance with legislation in the United Kingdom governing the preparation and dissemination of financial statements, which may vary from legislation in other jurisdictions. The maintenance and integrity of the Company's website is the responsibility of the Directors. The Directors' responsibility also extends to the ongoing integrity of the financial statements contained therein.

Mountfield Group Plc

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MOUNTFIELD GROUP PLC

Opinion

We have audited the financial statements of Mountfield Group Plc (the 'parent company') and its subsidiaries (the "group") for the year ended 31 December 2017 which comprise the Consolidated Statement of Financial Position, the Consolidated Statement of Comprehensive Income, the Consolidated Statement of Changes in Equity, the Consolidated Cash Flow Statement, the Company Statement of Financial Position, the Company Cash Flow Statement, the Company Statement of Changes in Equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

In our opinion, the financial statements:

- give a true and fair view of the state of the group's and of the parent company's affairs as at 31 December 2017 and of the group's profit for the year then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006 and, as regards the group financial statements, Article 4 of the IAS Regulation.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Group and the Parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard as applied to listed entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters identified were:

- **Revenue recognition, contract accounting and onerous contract provisions**

Area of focus

Revenue is recognised throughout the group as the fair value of consideration receivable in respect of the performance of contracts and the provision of services. Provision is made for expected contract losses as soon as they are foreseen.

Mountfield Group Plc

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MOUNTFIELD GROUP PLC

Determining the amount of revenue to be recognised requires management to make significant judgements and estimates as to the stage of completion, the costs to complete, the impact of any changes in scope of work and the recoverability of work in progress and receivables balances.

The Directors are also required to make an assessment to determine whether onerous contract provisions are required for loss making contracts.

We therefore identified revenue recognition, contract accounting and the completeness of onerous contract provisions as a significant risk, which was one of the most significant assessed risks of material misstatement.

How our audit addressed the area of focus

For construction contracts we identified and assessed key judgements inherent in estimation of significant construction contracts by validating the stage of completion and cost of completion on significant projects using surveyors' latest valuations and discussions with key contract accounting personnel as well as evaluating the final outcome on projects completed in the year in relation to previous estimates made.

We investigated the recoverability of receivables, accrued income and work in progress balances by reference to post balance sheet cash collection, reviewing the quality of supporting evidence, correspondence with customers, and examining the group's historical experience of recovery.

We identified and obtained and corroborated explanations for unusual fluctuations in margins on significant projects.

For fixed price contracts we reviewed management estimation of stage of completion, cash received following invoice and correspondence with the customer to determine the accuracy of the stage of completion.

We found no material misstatement from our testing.

- **Impairment of goodwill**

Area of focus

The group has goodwill with a carrying value of £6.9m.

IAS 36 requires at least annual impairment assessments in relation to goodwill, indefinite-lived intangible assets and intangible assets that are not yet ready for use, with more regular assessment should an impairment trigger be identified.

The determination of recoverable amount, being the higher of value-in-use and fair value less costs of disposal, requires judgement on the part of management in identifying and then estimating the recoverable amount for the relevant CGUs.

Recoverable amounts are based on management's view of future cash flow forecasts and external market conditions such as future pricing and the most appropriate discount rate.

Management prepared discounted cashflow projections with the aid of experts to assist them in performing an annual impairment assessment which included the assumptions and estimates around the order pipeline, profit margins, staff and other administration costs, for each CGU. Changes in these assumptions might give rise to a change in the carrying value goodwill.

How our audit addressed the area of focus

We obtained the discounted cashflow projections for each CGU and gained an understanding of the key assumptions and judgements underlying the assessment. We assessed the appropriateness of the methodology applied and tested the mathematical accuracy of the models.

We obtained an understanding of the order pipeline and the assumptions in respect of profit margins and staff and administrative expenses.

We determined the judgement made by the Directors that no impairment was required and the disclosures made in the financial statements to be reasonable.

Mountfield Group Plc

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MOUNTFIELD GROUP PLC

Our application of materiality

Materiality for the group was £43,000 (2016: £22,000) based on 5% of profit before tax which is consistent with the approach adopted last year.

This benchmark is considered the most appropriate because it is the key financial measure by which management assess the performance of the group and is used to report to investors on the financial performance of the group.

Materiality for the company has been calculated as 1% of gross assets, capped at the materiality of the group financial statements. Consistent with last year, we applied this benchmark as a generally accepted auditing practice applicable for a non-trading holding entity.

For each component, we allocated a materiality that is less than our overall group materiality.

An overview of the scope of our audit

The group consists of three trading subsidiaries, all of which operate in the UK. In establishing the overall approach to the group audit, we completed full scope audits on the underlying subsidiaries and the parent company.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Mountfield Group Plc

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MOUNTFIELD GROUP PLC

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 9, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an Auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Merger Reserve

The merger reserve exists as a result of the acquisitions of Mountfield Building Group Limited, MBG Construction Limited, Connaught Access Flooring Holdings Limited and Mountfield Land Limited where the consideration included the issue of new shares by the Company, thereby attracting merger relief under the Companies Act 2006. The merger reserve represents the difference between the nominal value of the share capital issued by the Company and the fair value of those shares at the date of acquisition.

A transfer has been made from the merger reserve to retained earnings to reflect amounts that have become realised through impairment write downs in previous accounting periods.

Reverse Acquisition Reserve

The reverse acquisition reserve exists as a result of the method of accounting for the acquisition of Mountfield Building Group Limited and MBG Construction Ltd (note 1.5).

The notes on pages 18 to 41 form part of these financial statements.

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

1 Accounting policies

The principal accounting policies adopted in the preparation of these consolidated financial statements are set out below.

1.1 General information

Mountfield Group plc is a public company incorporated in England and Wales. The registered number of the Company is 06374598. The address of its registered office is 3C Sopwith Crescent, Wickford Business Park, Wickford, Essex SS11 8YU.

1.2 Going concern

Based on the current working capital forecast, the Group is unlikely to need additional funds within twelve months of the date of approval of these financial statements in order to maintain its proposed work levels of expenditure providing contracts progress as planned, new contracts are secured and the Group is able to continue successfully managing its cash resources. After making enquiries and considering the assumptions upon which the forecasts have been based, the directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. For these reasons, they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

1.3 IFRS compliance and adoption

Statement of compliance with IFRS

These financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the European Union (IFRSs), IFRIC Interpretations and with those parts of the Companies Act 2006 applicable to companies reporting under IFRS.

The adoption of these standards has not resulted in any changes to the Group's accounting policies and has not affected amounts reported in prior years.

The financial statements have been prepared under the historical cost basis.

Sources of estimation uncertainty

The preparation of financial statements under IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. Estimates and assumptions are reviewed on an ongoing basis and any revision to estimates or assumptions are recognised in the period in which they are revised and in future periods affected.

Significant judgements

The material areas in which estimates and judgements are applied are as follows:

Goodwill

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which the goodwill has been allocated. The value in use calculation requires the Company to estimate future cashflows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. Details regarding the goodwill carrying value and assumptions used in carrying out the impairment reviews are provided in note 8.

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

1 Accounting policies (continued)

1.3 IFRS compliance and adoption (continued)

Receivables

The Group reviews the net recoverable value of its accounts receivables on a periodic basis to provide assurance that recorded accounts receivables are stated net of any required provision for impairment. Factors that could impact recoverability include the financial propriety of customers and related economic trends. Changes in these factors that differ from managements estimates can result in an adjustment to the carrying value and amounts charged to income in specific periods. More details on gross balances and provisions made are included in note 11.

Accounting for construction contracts

In accordance with IAS 11 "Construction Contracts", management is required to estimate total expected contract costs and the percentage of contract completion in determining the appropriate revenue and profit to recognise in the period. The Group uses the work of surveyors to determine accurately the level of work that has been completed by the year-end. The Group also has appropriate control procedures to ensure that all estimates are determined on a consistent basis and are subject to appropriate review and authorisation.

Share-based payments

The estimates of share-based payments costs require that management selects an appropriate valuation model and makes decisions on various inputs into the model, including the volatility of its own share price, the probable life of the options before exercise and behavioral consideration of employees.

Deferred taxation

The Group provides for deferred taxation using the liability method. Deferred tax assets are recognised in respect of tax losses where the Directors believe that it is probable that future profits will be relieved by the benefit of tax losses brought forward. The Board considers the likely utilisation of such losses by reviewing budgets and medium term plans for each taxable entity within the Group. If the actual profits earned by the Group's taxable entities differ from the budgets and forecasts used then the value of such deferred tax assets may differ from that shown in these financial statements.

Presentation and functional currency

The financial statements are presented in pounds sterling, which is the Group's functional currency.

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

1 Accounting policies (continued)

1.4 Standards and interpretations

At the date of authorisation of these financial statements the following Standards and Interpretations which have not been applied in these financial statements were in issue but not yet effective:

		Effective Date
IFRS 9	Finalised version, incorporating requirements for classification and measurement, impairment, general hedge accounting and de-recognition	1 January 2018
IFRS 9	Amendments regarding prepayment features with negative compensation and modifications of financial liabilities	1 January 2019
IFRS 1	Amendments removing short term exemptions	1 January 2018
IFRS 2	Amendments to clarify the classification and measurement of share-based payment transactions	1 January 2018
IFRS 11	Amendments to remeasurement of previously held interest	1 January 2019
IAS 12	Amendments to income tax consequences of dividends	1 January 2019
IFRS 15	Revenue from contracts with customers – clarifications to IFRS 15	1 January 2018
IFRS 4/ IFRS 9	Amendments regarding the interaction of IFRS 4 and IFRS 9	1 January 2018
IAS 28	Amendments regarding clarifying certain fair value measurements	1 January 2018
IAS 28	Amendments regarding long-term interests in associates and joint ventures	1 January 2019
IFRS 16	Leases	1 January 2019
IAS 40	Amendments to clarify transfers of property to, or from, investment property	1 January 2018
IFRS 17	Insurance contracts – original issue	1 January 2021
IAS 19	Amendments regarding plan amendments, curtailments or settlements	1 January 2019
IAS 23	Amendments to borrowing costs eligible for capitalisation	1 January 2019

IFRS 15 'Revenue from Contracts with Customers'

The Group will adopt this accounting standard on 1 January 2018 and will apply the modified retrospective approach to this by adjusting the opening balance of retained earnings for any adjustments relating to contracts in progress at this date. The directors do not believe that the adoption of this standard will result in material adjustments from current accounting standards.

The Group has considered how contracts are accounted for in accordance with IFRS 15 using the 5 step approach set out in that standard. In undertaking this exercise the Group has not identified any material changes in how revenue would be recognised for the contracts in progress at 31 December 2017.

IFRS 16 'Leases'

The Group is working with its advisors to assess the potential impacts of IFRS 16 'Leases', including consideration of transition method. The standard is expected to only affect the Group in respect of leases that it has in place that are currently treated as operating leases in accordance with current standards.

The Group only acts as a lessee and will be required to recognise operating leases on the balance sheet when the new standard is implemented. It is likely that the modified retrospective approach will be adopted meaning the Group will only recognise such leases on the balance sheet as at 1 January 2019.

IFRS 9 'Financial Instruments'

The Group is expected to apply this standard for the Group's 31 December 2018 financial statements but it is not expected to have a material effect on the Group's financial statements.

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

1 Accounting policies (continued)

1.5 Basis of consolidation

Subsidiaries

The Group financial statements consolidate the financial statements of the Company and all its subsidiaries. Subsidiaries include all entities over which the Group has the power to govern financial and operating policies. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. Subsidiaries are consolidated from the date on which control commences until the date that control ceases. Intra-group transactions are eliminated in preparing the Consolidated Financial Statements.

A list of the significant investments in subsidiaries, including the name, country of incorporation and proportion of ownership interest is given in note 2 to the Company's separate financial statements.

Business combinations and goodwill

On 16 October 2008, Mountfield Group Plc ("the Company") acquired the entire issued share capital of Mountfield Building Group Limited, which has one wholly owned subsidiary, MBG Construction Limited (the "MBG Group") acquired in August 2008. The former shareholders of MBG Group became the majority shareholders in the Company. Accordingly, the substance of the transaction was that MBG Group acquired the Company in a reverse acquisition.

The acquisitions of Connaught Access Flooring Limited, MBG Construction Limited and Mountfield Land Limited are accounted for using the purchase method. The cost of the acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree plus any costs directly attributable to the business combination.

Goodwill

Goodwill on acquisition of subsidiaries represents the excess of the cost of acquisition over the fair value of the Group's share of the net identifiable assets and contingent liabilities acquired. Identifiable assets are those which can be sold separately or which arise from legal rights regardless of whether those rights are separable. Goodwill on acquisition of subsidiaries is included in intangible assets. Goodwill is not amortised but tested annually for impairment or when trigger events occur, and is carried at cost less accumulated impairment losses.

1.6 Revenue recognition

Revenue is stated exclusive of VAT and consists of sales of services to third parties.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Retentions are recognised throughout the life of a contract and are deducted from the sales invoice.

Revenue relating to contracts includes the amount initially agreed in the contract plus any variations in contract work to the extent that it is probable they will result in revenue and can be reliably measured. As soon as the outcome of the contract can be measured reliably, revenue and expense is recognised in the statement of comprehensive income on a stage of completion basis. The stage of completion is determined by reference to a survey of work performed. Any losses are recognised immediately in the statement of comprehensive income as soon as they are foreseen.

1.7 Amounts recoverable on long term contracts

Profit on long term contracts is taken as the work is carried out if the final outcome can be assessed with reasonable certainty. The profit included is calculated on a prudent basis to reflect the proportion of the work carried out at the year end, by recording turnover and related costs as contract activity progresses. The stage of completion is measured with reference to the proportion of the value of the contract at the reporting date against the total estimated value of the contract, as measured by a survey of the work performed. Revenues derived from variations on contracts are recognised only when they have been accepted by the customer. Full provision is made for losses on all contracts in the year in which they are first foreseen. Amounts which are recoverable on long-term contracts are shown within debtors under the heading 'Amounts Recoverable on Contracts' which have not yet been invoiced and are stated net of discounts allowed.

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

1 Accounting policies (continued)

1.8 Share-based payments

The Group makes equity-settled share-based payments to its employees and directors. The fair value of options and warrants granted is recognised as an employee expense with a corresponding increase in equity. The fair value is measured at grant date and spread over the period during which the employees become unconditionally entitled to the options. The fair value of the options and warrants granted is measured based on the Black-Scholes framework, taking into account the terms and conditions upon which the instruments were granted. At each balance sheet date, the Company revises its estimate of the number of options and warrants that are expected to become exercisable.

1.9 Retirement benefits: Defined contribution schemes

Contributions to defined contribution pension schemes are charged to the statement of comprehensive income in the year to which they relate.

1.10 Impairment

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. Assets that have an indefinite useful life, for example goodwill, are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation or depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at each reporting date.

1.11 Property, plant and equipment

Property, plant and equipment is stated at cost less accumulated depreciation.

Property, plant and equipment is depreciated over the estimated useful life of the asset, as follows:

Freehold land	Not depreciated
Freehold buildings	2% per annum straight line
Leasehold improvements	Over the period of the lease
Fixtures, fittings and equipment	10% per annum reducing balance
Plant and equipment	20% - 25% per annum straight line
Motor vehicles	20% - 25% per annum straight line

1.12 Leasing

A lease is classified as a finance lease if it transfers substantially all the risks and rewards of ownership. All other leases are classified as operating leases. Classification is made at the inception of the lease.

Assets obtained under finance leases are capitalised as property, plant and equipment and depreciated over the shorter of the lease term and their useful lives. Obligations under such arrangements are included in payables net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the statement of comprehensive income so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

Rentals paid under operating leases are charged to the statement of comprehensive income as incurred on a straight line basis over the lease term.

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

1 Accounting policies (continued)

1.13 Inventories

Inventories are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving items. Cost includes direct materials, direct labour and those overheads that have been incurred in bringing the inventory to its present location and condition.

1.14 Financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when the Group becomes a party to the contractual provisions of the instrument.

The financial instruments, which excludes current receivables and payables, comprise cash or overdrafts and unsecured non-convertible loan notes. The Directors consider the fair value not to be materially different to the carrying value for the financial instruments. During the year under review, the Group did not enter into derivative transactions and did not undertake trading in any financial instruments.

1.15 Trade and other receivables

Trade receivables are recognised at fair value less any provision for impairment. A provision for impairment is made when collection of the full amount is no longer probable. Bad debts are written off when identified. The fair value of trade and other receivables are equivalent to their book values as set out in the financial information.

1.16 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand, demand deposits and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

For the purpose of the cash flow statement, cash and cash equivalents consist of cash and cash equivalents net of outstanding bank overdrafts.

1.17 Financial liabilities and equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities.

1.18 Share capital

The Company has one class of ordinary share, which carries no rights to fixed income. All ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

Ordinary shares issued by the Company are classified as equity and recorded at fair value on initial recognition received, net of direct issue costs.

1.19 Trade and other payables

Trade payables are initially recognised at fair value and subsequently at amortised cost. The fair value of the trade and other payables are equivalent to their book values as set out in the financial information.

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

1 Accounting policies (continued)

1.20 Taxation

The taxation charge represents the sum of current tax and deferred tax.

The current tax charge is based on the taxable profit/loss for the period using the tax rates that have been enacted or substantially enacted by the balance sheet date. Taxable profit differs from the net profit as reported in the statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax is provided using the liability method, in respect of temporary differences between the carrying amount of the assets and liabilities and their tax base. Deferred tax is recognised in the statement of comprehensive income, except when the tax relates to items charged or credited directly in equity, in which case the tax is also recognised in equity.

Deferred tax assets are recognised only when it can be regarded as probable that there will be suitable taxable profits in the foreseeable future against which the deductible temporary difference can be utilised. Deferred tax is determined using tax rates that are expected to apply in the periods in which the asset is realised or liability settled, based on tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

2 Segmental reporting

Segmental information is presented in respect of the Group's business segments, which are based on the Group's management and internal reporting structure as at 31 December 2017. The chief operating decision-maker has been identified as the Board of Directors (the Board). The Board reviews the Group's internal reporting in order to assess performance and allocate resources. Management has determined the operating segments based on these reports and on the internal report's structure.

Segment performance is evaluated by the Board based on revenue and profit before tax (PBT). Segment results include items directly attributable to a segment as well as those that can be allocated on a reasonable basis, such as centrally managed costs relating to individual segments.

Given that income taxes and certain corporate costs are managed on a centralised basis, these items are not allocated between operating segments for the purposes of the information presented to the Board and are accordingly omitted from the analysis below.

The Group comprises the following segments:

Construction

Direct contracting and trade contracting services to both main contractors and corporate end users.

Fit-out

Providing raised flooring systems to both main contractors and corporate end users.

Deferred tax movement	34,090	
Other adjustments	-	(5,909)
Current tax charge	<u>218,999</u>	<u>108,805</u>

In the Finance Act 2016 the UK Government announced its intention to reduce the standard corporation tax rate to 17% by 2020. The measure to reduce the rate to 17% for the financial year beginning 1 April 2020 was substantively enacted on 15 September 2016, and has been reflected in the calculation of deferred tax in the financial statements to 31 December 2017.

7 Earnings per share

The basic earnings per share is calculated by dividing the earnings attributable to equity shareholders by the weighted average number of shares in issue. The diluted earnings per share is calculated by dividing the earnings attributable to equity shareholders by the weighted average number of shares in issue plus the number of warrants and share options. The share options are not considered dilutive as the shares would be issued for greater than the average market price of the ordinary shares in 2017 and 2016.

At 31 December 2016	<u>6,874,308</u>

Impairment of goodwill

Goodwill has been allocated for impairment testing to two groups of cash – generating units ('CGU') identified according to operating segments being Construction and Fit-out as disclosed in Note 2.

For the purposes of impairment testing of goodwill the carrying value of the CGUs (including goodwill) are compared to the recoverable amount of the CGUs and any deficits are provided. The carrying value of the CGUs includes only those assets that can be attributed directly, or allocated on a reasonable and consistent basis.

The recoverable amount of a CGU is determined based on value-in-use calculations. These calculations use pre-tax cash flow projections based on three year financial budgets approved by management. Cash flows beyond the three year period are extrapolated using the estimated growth rates stated below.

The key assumptions used in the value-in-use calculations for each CGU are as follows:

- Terminal value based on 2% future growth in cash flows
- Discount rate of 7.36% (2016 – 7.37%)

Revenue was based upon actual amounts measured in prior periods which were projected forward in accordance with expected trends.

Based on the assumptions above, no impairment of goodwill is deemed necessary.

Mountfield Group Plc

At 31 December 2016	51,777	6,865	22,327	9,987	90,956

The net book value of property, plant and equipment includes an amount of £Nil (2016 - £2,722) in respect of assets held under finance leases.

The net book value of freehold and leasehold property includes an amount of £1,522 (2016 - £2,580) in respect of leasehold improvements to a property leased by Connaught Access Flooring Limited.

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

10 Inventories

	2017 £	2016 £
Materials and finished goods	<u>88,301</u>	<u>88,272</u>

The amount of inventories recognised as an expense during the year was £132,534 (2016 - £43,887).

11 Trade and other receivables

	2017 £	2016 £
Trade receivables	1,116,954	223,866
Contract retentions	586,709	437,881
Other receivables	20,438	52,374
Prepayments	70,687	75,132
Amounts recoverable on long term contracts	1,856,728	987,358
Total trade and other receivables	<u>3,651,516</u>	<u>1,776,611</u>

Based on prior experience and an assessment of the current economic environment, management believes there is no further credit risk provision required in excess of the normal provision for impairment of trade receivables.

No interest is charged on overdue receivables. There is no material difference between the fair value of receivables and their book value.

Amounts recoverable on long-term contracts are stated net of discounts allowed of £78,812 (2016 - £16,103).

The movement in the provision for impairment of trade receivables is as follows:

	2017 £	2016 £
Balance at 1 January	12,000	12,000
Charge/(credit) to the statement of comprehensive income	<u>-</u>	<u>-</u>
Balance at 31 December	<u>12,000</u>	<u>12,000</u>

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

11 Trade and other receivables (continued)

The Group's trade and other receivables that were past due date but not impaired relate to a number of individual customers for whom there is no reason to believe that the debt is not recoverable. The ageing of these trade receivables and contract retentions is as follows:

	2017 £	2016 £
Trade receivables		
Three to six months	20,456	29,733
Six to nine months	-	12,910
Nine to twelve months	-	14,296
More than twelve months	21,815	62,171
	<u>42,271</u>	<u>119,110</u>
Contract retentions		
Three to six months	16,212	19,240
Six to nine months	14,938	6,826
Nine to twelve months	5,618	9,036
More than twelve months	62,510	122,916
	<u>99,278</u>	<u>158,018</u>

12 Cash and cash equivalents

	2017 £	2016 £
Cash at bank and in hand	<u>520,301</u>	<u>-</u>

Cash at bank and in hand earns interest at floating rates based on daily bank deposit rates.

At the balance sheet date the Group had a bank overdraft facility of £250,000 and a term loan of £191,190 with Barclays Bank Plc, secured by a fixed charge over the book debts and property of the Group and a floating charge over all other assets of the Group. The directors have provided guarantees. Please see Note 21 for further details.

For the purpose of the cash flow statement, cash and cash equivalents comprise the following at 31 December 2017:

	2017 £	2016 £
Cash at bank and in hand	520,301	-
Bank overdraft	-	(20,247)
	<u>520,301</u>	<u>(20,247)</u>

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

13 Share capital

	2017		2016	
	Number	£	Number	£
Allotted, called up and fully paid				
Ordinary shares of 0.1p each	254,244,454	254,244	254,244,454	254,244
Founder shares of £1 each	2,270,182	2,270,182	2,270,182	2,270,182
		<u>2,524,426</u>		<u>2,524,426</u>

2,270,182 Founder shares were issued in 2016. The founder shares are not quoted and do not carry a right to vote or to receive a dividend. The shares carry the right to receive the first £2.3m of the amount by which the consideration arising on a sale by shareholders in the Group attributable to Connaught Access Flooring Limited or Mountfield Building Group Limited exceeds £20m.

Share Options

At 31 December 2017, outstanding awards to subscribe for ordinary shares of 0.10p each in the Company were as follows:

	Number	Weighted average remaining contractual life (years)	Weighted average exercise price (pence)
Brought forward at 1 January 2016	21,166,662	1.51	3.00
Granted	-

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

13 Share capital (continued)

Share Options (continued)

The fair value of the remaining share options has been calculated using the Black-Scholes model. The assumptions used in the calculation of the fair value of the share options outstanding during the year are as follows:

Grant Date	1 June 2014
Exercise period	June 2015 – June 2018
Share price at date of grant	2.7p
Exercise price	3.0p
Shares under option	2,000,000
Expected volatility	69%
Expected life (years)	2.5
Risk free rate	1.02%
Expected dividend yield	0%
Fair value per option	0.08p

Volatility was determined by reference to the standard deviation of expected share price returns based on a statistical analysis of monthly share prices over a 3 year period to grant date. All of the above options are equity settled and the charge for the year is £Nil (2016: £Nil).

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

14 Trade and other payables (current)

	2017	2016
	£	£
Trade payables	3,542,709	2,199,552
Other payables	456,363	79,465
Corporation tax	124,050	57,769
Accruals	513,762	297,540
Other taxes and social security costs	199,678	317,883
	<u>4,836,562</u>	<u>2,952,209</u>

The directors consider that the carrying amount of trade payables approximate their fair value.

Included within other payables is an amount of £387,795 in respect of unsecured supplier financing.

15 Borrowings

	2017	2016

	<u>80,083</u>	<u>16,938</u>

19 Financial instruments

Capital risk management

The Group manages its capital to ensure its ability to continue as a going concern and to maintain an optimal capital structure to reduce cost of capital. The capital structure of the Group comprises equity attributable to equity holders of the Company consisting of issued ordinary share capital, reserves and retained earnings as disclosed in Consolidated Statement of Changes in Equity and cash and cash equivalents as disclosed in Note 12.

The Group maintains or adjusts its capital structure through the payment of dividends to shareholders, issue of new shares and buy-back of existing shares.

Cash and cash equivalents

This comprises cash and short-term deposits held by the Group. The carrying amount of these assets approximates their fair value.

General risk management principles

The Group's activities expose it to a variety of risks including market risk (interest rate risk), credit risk and liquidity risk. The Group manages these risks through an effective risk management programme and through this programme, the Board seeks to minimise potential adverse effects on the Group's financial performance. The Directors have an overall responsibility for the establishment of the Group's risk management framework. A formal risk assessment and management framework for assessing, monitoring and managing the strategic operational and financial risks of the Group is in place to ensure appropriate risk management of its operations.

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

19 Financial instruments (continued)

The following represent the key financial risks that the Group faces:

Market risk

The Group's activities expose it primarily to the financial risk of interest rates.

Interest rate risk

The Group's interest rate exposure arises mainly from its interest bearing borrowings. Contractual agreements entered into at floating rates expose the entity to cash flow risk. Interest rate risk also arises on the Group's cash and cash equivalents. The Group does not enter into derivative transactions in order to hedge against its exposure to interest rate fluctuations.

Credit risk

The Group's principal financial assets are trade and other receivables and bank balances and cash.

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The Group's credit risk is primarily attributable to trade receivables and amounts recoverable on contracts. The Group has a policy of assessing credit worthiness of potential and existing customers before entering into transactions. There is ongoing credit evaluation on the financial condition of accounts receivable using independent ratings where available or by assessment of the customer's credit quality based on its financial position, past experience and other factors. The Group manages the collection of its receivables through its post completion project monitoring procedures and ongoing contact with customers so as to ensure that any potential issues that could result in non-payment of the amounts due are addressed as soon as identified.

The maximum exposure to credit risk in respect of the above at 31 December 2017 is the carrying value of financial assets recorded in the financial statements.

Liquidity risk

The Group closely monitors its access to bank and other credit facilities in comparison to its outstanding commitments on a regular basis to ensure that it has sufficient funds to meet the obligations of the Group as they fall due.

The Board receives regular forecasts which estimate cash flows over the next eighteen months, so that management can ensure that sufficient funding is in place as it is required.

Fair value of financial assets and liabilities

The Directors consider that there is no significant difference between the book value and fair value of the Group's financial assets and liabilities.

The tables below summarise the maturity profile of the combined Group's non-derivative financial liabilities at each financial year end based on contractual undiscounted payments:

2017	Less than 1 year	1-2 years	2-5 years
Non-derivative financial liabilities	£	£	£
Borrowings (current and non-current)	958,020	218,315	48,416
Trade payables	3,542,709	-	-
Other payables	780,091	-	-

2016	Less than 1 year	1-2 years	2-5 years
Non-derivative financial liabilities	£	£	£
Borrowings (current and non-current)	898,162	318,315	249,225
Trade payables	2,199,552	-	-
Other payables	455,117	-	-
Contract accruals and accruals	297,540	-	-
	<u>3,850,371</u>	<u>318,315</u>	<u>249,225</u>

20 Pension costs

The Group operates a defined contribution pension scheme in respect of the directors and employees. The assets of the scheme are held separately from those of the company in an independently administered fund. The pension cost charge represents contributions payable by the Group to the fund and amounted to £45,054 (2016 - £44,708). The amount payable at the year end was £932 (2016 - £Nil).

21 Directors' guarantees

Andrew Collins, Graham Read and Peter Jay have given a guarantee limited to £800,000 in respect of the Group's bank loan and overdraft facility.

22 Related party transactions

Transactions between the Company and its subsidiaries, which are related parties, have been eliminated on consolidation. Related party transactions are considered to be conducted at arm's length.

As at 31 December 2017, balances remaining unpaid on the unsecured non-convertible loan notes to Graham Read and Andrew Collins amounted to £400,000 (2016: £400,000) and £82,956 (2016: £273,857) respectively. Interest for the year has been waived and interest in respect of prior periods has also been waived.

During the year, the Group repaid £Nil to Graham Read (2016: £Nil). The balance outstanding on the short term unsecured loan at 31 December was £550,605 (2016: £472,873). Interest is charged at 6% per annum on this loan but has been waived for 2017.

During the year, Zeme Limited invoiced £30,000 (2016: £45,833) for the services of Peter Jay as a director of Mountfield Group Plc. As at 31 December 2017, £43,931 (2016: £46,433) was due to Zeme Limited, a company controlled by Peter Jay.

During the year, the Group was invoiced £2,500 (2016: £Nil) for accountancy and bookkeeping services by Read & Co, a Chartered accountancy practice controlled by Graham Read's brother. As at 31 December 2017 the balance owed by Read & Co was £414 (2016: £9,390).

During the year ended 31 December 2017 Connaught Access Flooring Limited made sales of £6,335 (2016 - £8,842) to and purchases of £301 (2016 - £4,314) from Corinthian Ceramics Limited, a company of which Andrew Collins is a director. At 31 December 2017, £Nil (2016 - £1,291) was owed by Corinthian Ceramics Limited in respect of these transactions.

Mountfield Group Plc

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

23 Post Balance Sheet Event

There were no events after the balance sheet date to note.

24 Non- Cash Transactions

The founder shares which were issued in 2016 in exchange for the conversion of loan notes constitutes a non-cash transaction in that year. No such shares were issued in 2017.

Merger reserve

The merger reserve exists as a result of the acquisitions of Mountfield Building Group Limited, MBG Construction Limited, Connaught Access Flooring Holdings Limited and Mountfield Land Limited where the consideration included the issue of new shares by the Company, thereby attracting merger relief under the Companies Act 2006. The merger reserve represents the difference between the nominal value of the share capital issued by the Company and the fair value of those shares at the date of acquisition.

A transfer has been made from the merger reserve to retained earnings to reflect amounts that have become realised through impairment write downs in previous accounting periods.

Mountfield Group Plc
