**Mountfield Group plc ("Group")  
and its subsidiaries Mountfield Building Group Limited ("MBG") and Connaught Access  
Flooring Limited ("CAF")**

**Awards of new contracts in excess of £7m**

The Directors of Group are pleased to announce that the Group companies have between them been awarded three new contracts with an aggregate value in excess of £7m, with the work on all to be undertaken during 2019.

The first contract (which has been awarded to MBG by a European bulk-liquid storage operator) is for the construction of its new London headquarters building and is valued at £2.1m.

The second contract won by MBG has a value of £4.1m and is for the construction work connected with the expansion of a data centre in Essex for a global telecoms operator. The contract was won by MBG by competitive tender and a deciding factor for the client when making its decision was MBG's knowledge and experience in working in live data centre environments.

The third contract was won by CAF for the flooring work on the fourth and final stage of a European bank's development and expansion of its London office. The work is valued at approximately £1m.

**Andy Collins, Group CEO said:**

*"We are very pleased to have started 2019 off with these excellent contract wins.*

*MBG's progress has been rapid as is demonstrated by the winning of the two contracts which play to MBG's strengths in the fields of telecoms/data centres and that of specialist construction.*

*For CAF the winning of the contract for the final stage works of this multi-stage contract has been extremely pleasing and has confirmed the client's satisfaction with the quality and service provided by CAF."*
